UPCOMING EVENTS

- Eminent Scholars Lecture: Gilda Barabino
  - Friday January 24th CMC 147 2-3 PM
- MECH: First Spring GBM
  - Friday January 24th DFX 3 PM
- SHPE: Introduction to SHPE!
  - Friday January 24th ENC 1002 3 PM
- EMS: Welcome Social
  - Monday January 27th MSC 3711 7:30-9:15 PM
- E-Council Spring WOW Jimmy Johns giveaway!
  - Tuesday January 28th ENB Fishbowl 10-2 PM

ORG SHOWCASE

This Fall the USF Society of Women Engineers held their SWE Sports event! SWE Sports was a cool and innovative way to bring together members of all engineering orgs to compete in various athletic competitions. Each month, SWE brought together the other engineering orgs to play volleyball, soccer, and carnival style games! We love SWE’s dedication to uniting USF COE students and are proud to recognize the hard work that went in to hosting this event!

Nominate your org or another for the org showcase by emailing us at eng-ecouncil@usf.edu
FACULTY SPOTLIGHT

Name: Dr. Robert H. Bishop
Position: Dean of the College of Engineering at USF
Fun Fact: If Dean Bishop was not an engineer, he would be a musician in a rock band. He is an avid 60-80s rock music fan!
Bio: Dr. Bishop is the Dean of Engineering and the Founder, President & CEO of the Institute of Applied Engineering where he holds a full professor position in the Department of Electrical Engineering. As an entrepreneurial-minded academic leader, Dr. Bishop founded the Institute of Applied Engineering as a research and education center of excellence dedicated to seeking solutions to the security and economic challenges facing the nation. He is a specialist in the area of systems theory, guidance and control of spacecraft, and navigation and estimation theory. He co-authors one of the world’s leading textbooks in control theory and published over one hundred and thirty-five journal and conference papers. He received his PhD from Rice University in Electrical & Computer Engineering and his MS and BS from Texas A&M University in Aerospace Engineering.

COE FUN FACT

Since the USF College of Engineering origin in 1964, the college has conferred a total of (including bachelors, masters, and doctoral) 28,514 degrees

E-COUNCIL UPDATES

- E-Council submits budgets to orgs for appeals to SG: 1/20
- Last day to appeal budgets to SG: 1/25
- Jimmy Johns Giveaway: 1/28
- Budgets submitted to SG: 1/31
