

2010-2011

University of South Florida
Police Department

Security and Fire Safety Report

Tampa Campus

www.usfpd.usf.edu

From the Chief of Police

As an accredited law enforcement agency in the State of Florida, the University of South Florida Police Department meets or exceeds over 200 standards set by the Commission for Law Enforcement Accreditation. USF is one of over 100 law enforcement agencies in the state to meet these strict standards. What this means for the community we serve here at USF is they have a professional, value based law enforcement agency working for them.

The USF Police Department employs only sworn and non-sworn professionals willing to carry out the agency's mission:

To protect life and property, to understand and serve the needs of any and all persons within the university community, to actively seek to identify community problems and solutions to those problems, to identify and prevent any criminal activity which may occur, and to improve the quality of life in this community.

By having a mission statement, we are committed to ensuring a safe environment in which to learn and work. My role as Police Chief is to provide the tools and professional growth needed to fulfill this mission. We train many of our officers to provide crime prevention advice and training to the community. Some of these programs include Rape Aggression Defense, Burglary and Theft Prevention, Date/ Acquaintance Rape, Office Safety and Security, and Alcohol Awareness to mention a few.

The USF Police Department also provides a full range of police services. Routine patrol of the campus and residential areas, traffic law enforcement, accident investigation, criminal investigations, dignitary protection and crowd control at special events are some of the services the USF Police Department provides.

As in any community, a safe environment is dependent upon the partnering of the community and law enforcement agency of jurisdiction. It is with this in mind that I encourage you to contact the USF Police Department whenever you need to report a crime, want crime prevention programming or have a suggestion as to how we can work together to make the University of South Florida a better place to learn and work.

Sincerely,

Thomas G. Longo, JD
Chief of Police

SERVICES OFFERED BY UNIVERSITY OF SOUTH FLORIDA POLICE DEPARTMENT

The University of South Florida Police Department strives to meet the needs of the University community by providing these services to you:

- **Response** to all emergencies—police, fire, medical
- **Investigation** of all misdemeanor and felony crimes
- **Assistance** to all victims of crime
- **Investigation** of traffic crashes
- **Monitoring** of alarms for intrusion, robbery and fire
- **Maintenance** of police records information
- **Contact** and referral of individuals to other campus and community human services agencies
- **Assistance** and cooperation with emergency service agencies
- **Planning** and management of special events
- **Handling** of special security requests
- **Security** consultations and surveys
- **Receipt** and return of lost and found property
- **Provide** fingerprints for job applicants
- Off-Campus Housing - **A Guide to Apartment Safety**

Security Policies, Statistics, Safety & Prevention Programs and More

Campus Security Act

In 1990, President Bush signed into law the "Student Right to Know and Campus Security Act." This act requires all postsecondary institutions to prepare, publish and distribute certain information regarding campus crimes and policies relating to security.

The University of South Florida is a comprehensive research university with campuses in four locations including the following: Tampa, St. Petersburg, Sarasota and Lakeland. Specific information for each campus is available.

The University Police Department

On the Tampa Campus the University Police Department is located at the corner of Fletcher Avenue and Maple Drive. The University of South Florida Police provide a full range of public safety services to the community 24 hours a day, seven days a week on the Tampa Campus. All University Police officers are certified by the State of Florida after completing minimum standards training from the Regional Police Training Academy.

General services provided by the University Police include car patrol, foot patrol, bike patrol, criminal investigation of all misdemeanors and felonies, traffic enforcement, crash investigation, special events management and crime prevention programs.

The University Police Department has an excellent working relationship with all local law enforcement agencies, which assures the delivery of professional police services. The Florida Department of Law Enforcement and other state and federal agencies are available to assist upon request. Communication and coordination with all area law enforcement agencies are maintained on a 24-hour basis via computer networks, such as the Florida Crime Information Center and the National Crime Information Center.

The University Police Department maintains a Police Activity Report that is available on their website or upon request. The University Police will make timely reports to the campus community on serious crimes that represent a continuing threat to students and employees and have been reported to campus and local law enforcement agencies.

University Police Officers have complete police authority to apprehend and arrest anyone involved in illegal acts on-campus and areas immediately adjacent to the campus. If minor offenses involving University rules and regulations are committed by a University student, the campus police may also refer the individual to the Office of Student Rights and Responsibility. The University Police force is supplemented by a private security company and works in conjunction with these private security officers.

Procedures to Report Criminal Acts or Emergencies on Campus

Any emergency situation involving a threat to life or property should be immediately reported to the University Police. The caller should stay on the line until the dispatcher terminates the call. Do not hang up. Emergency police, fire or medical assistance can be obtained by calling

9-1-1. All campus phones, including pay phones may be used to dial **9-1-1** at no charge. All other business can be conducted by calling **974-2628**.

Emergency Blue Light Phones are located throughout campus and are equipped with automatic location indicators and have instruction for the hearing and speaking impaired.

Campus Sexual Assault Policy

The USF Police Department is responsible for the investigation of campus sexual offenses. The USF Police Department provides immediate assistance to the victim and initiates investigative processes to apprehend the perpetrator of the crime. The USF Police Department works closely with the Hillsborough County State Attorney's Office in all investigations of sexual battery/rape investigations.

Complaints of sexual battery/rape are serious criminal offenses that will be processed within the criminal justice system. Sexual battery/rape committed by students is also a violation of the USF student conduct rule. Student perpetrators are subject to institutional disciplinary sanctions including expulsion as provided by the USF rules in addition to those stated above in accordance with State law.

Campus related sexual battery/rape committed by employees is also considered misconduct as provided by applicable rules and collective bargaining agreements. Employee perpetrators are subject to institutional disciplinary action including termination as provided by such rules/agreements in addition to those stated above in accordance with State law.

Rights of Victims of Campus Related Sexual Batteries

The University understands and commits its efforts toward successfully dealing with the trauma experienced by victims of sexual battery/rape. Efforts will be directed toward assisting the victim at all stages of the investigation and judicial process that may follow. The same shall be accorded to victims in connection with disciplinary actions involving alleged employee perpetrators subject to applicable rules and collective bargaining agreements. USF policies dictate that:

- The right to request a University directive forbidding the alleged perpetrator from contact with the victim.
- The right to request an immediate change in residence hall arrangements and/or transfer of classes/workplaces.
- The right to have present throughout the disciplinary process an advisor, which may also be a legal counsel.

- The right to remain present during the entire hearing.
- The right to have irrelevant sexual history excluded from the hearing.
- The right to submit a list of related questions for consideration prior to the hearing.
- The right to submit a victim impact statement.
- The right to know the outcome of the proceeding.

The Center for Victim Advocacy and Violence Prevention

The Center for Victim Advocacy and Violence Prevention will assist USF students, staff, and faculty who are victims/survivors of crimes, violence, or abuse, including assault, battery, stalking, sex crimes, relationship/domestic violence, and prior abuse. All services are free and confidential. Services include crisis intervention; on-going emotional support; assistance in contacting professors or supervisors about absences; assistance with immediate changes in residence hall arrangements if needed for victims living on campus; assistance with immediate safe housing; assistance in reporting incidents to Student Rights and Responsibilities; accompaniment to law enforcement and court proceedings, including obtaining protective orders; accompaniment to follow-up medical appointments; information and referral. The victim's wishes and decisions are supported at all times. While reports are encouraged, reporting to law enforcement is not required to obtain services. The Center for Victim Advocacy and Violence Prevention phone number is **974-5756**. Office hours are Monday through Friday 8:00 a.m. to 5:00 p.m. An advocate is available after-hours and on weekends, for victims of violent crime, by contacting the USF Police Department.

Counseling

The Counseling Center for Human Development provides professional counseling services to USF students. These services include: intake evaluation, short-term personal counseling, psychiatric consultation, group counseling and referral services.

For more information or an appointment, call **974-2831**. The offices are located in the Student Services Building, **SVC 2124**. Office hours are 8:00 a.m. to 5:00 p.m., Monday through Friday. Emergency, after hours services can be obtained by contacting the University Police at **974-2628**.

Employee Assistance Program

The Employee Assistance Program provides professional counseling and referral services for USF employees. The services offered include: intake evaluation, short-term personal counseling and referral services.

For more information or an appointment, call **974-5469**. The offices are located in the Student Services Building, **SVC 2124**. Office hours are 8:00 a.m. to 5:00 p.m., Monday through Friday.

Student Health Services

Student Health Services functions as a walk-in clinic for students and maintains a day infirmary only. Services include on-site nurses and physicians, a variety of lab tests and specialty clinics (including GYN).

The Student Health Services Building is located east of the University Center and north of the Student Services annex. The phone number is **974-2331** and the hours are 8:30 am. to 5:00 p.m., Monday through Friday.

Citizen Complaints

It is important that our community members receive fair and impartial treatment from the employees of the University Police Department. At any time a community member has a concern about the actions of an employee of the University Police, he or she can speak to a supervisor to discuss that concern. If a community member wishes to file a complaint against an employee of the University Police, he or she can obtain a complaint form at the police department or call **974-2628**.

Security of Campus Facilities/ Residence Halls

The University of South Florida is a public institution and, with the exception of residence halls, is open to the public during the day and evening hours when classes are in session. After these hours, University buildings are generally locked and only faculty, staff and some students with proper identification are admitted. University Police provide regular patrol of University buildings as well as parking lots.

Resident students are issued a key at check-in so they may have access to their living unit. Students are encouraged to safeguard keys in order to enhance their personal safety and the safety of others. An effective residence hall security system program depends upon resident cooperation, staff supervision and University Police assistance. The best security system is one in which every member of the community takes personal responsibility for self-protection and the protection of their property.

University Police (UP) officers regularly patrol the residence halls and are readily available to assist on a 24-hour basis. A Resident Assistant or Night Clerk is on duty in residence hall complexes every night for security purposes. These security measures and personnel are representative of our concern for the protection of your person and property. Maintenance personnel make security inspections and corrections as needed. Students are encouraged to call the housing office or the police department to promptly report security deficiencies.

The Physical Plant Division maintains University buildings and grounds with a concern for the safety and security of all persons and property. Inspections are routinely conducted and repairs are promptly made to ensure that appropriate safety and security standards are maintained. The University Police Department assists Physical Plant personnel by reporting potential safety and security hazards which include conducting campus lighting surveys and reporting outages. Students, faculty and staff are also encouraged to call Physical Plant to report any safety or security hazards.

A representative of the University Police department is involved in the review of architectural plans for new facilities or major renovations to existing buildings. Specific recommendations are made to enhance the security of all facilities before contractors begin working. The University Police Department also conducts physical security surveys of campus facilities that may be vulnerable to criminal intrusion. Specific recommendations are made regarding security hardware, alarms or procedures that will serve to reduce the opportunities for crime to occur in or around campus buildings.

Off-Campus Student Residence

At the Tampa campus, many of our students live in privately owned fraternity houses or apartments located near the campus. The local law enforcement agency of jurisdiction is responsible for providing police services to these students. The University Police Department offers crime prevention programs emphasizing security measures that these residents can take to protect themselves.

The University Police initiates regular contact with local law enforcement agencies regarding criminal activity occurring at off-campus student housing complexes. The University Police Department meets regularly with the managers of off-campus housing complexes to discuss specific concerns and recommendations for improving security precautions.

The University Police Department provides the Student Government sponsored Off-Campus Housing Office with a brochure which assists students in evaluating the security of off-campus apartments. This brochure identifies security features that should be available in off campus complexes, steps for forming a neighborhood watch group and other basic prevention precautions.

Suzanne's Law

This federal law is named after Suzanne Lyall, a State University of New York at Albany student who has been missing since 1998. It requires local police to notify the National Crime Information Center (NCIC) when someone between 18 and 21 years of age is reported missing. The USF Police Department complies with this law.

USF Sarasota-Manatee

USF Sarasota Manatee conducts classes at the Sarasota Campus. The New College of Florida Police Department provides all law enforcement services for USF Sarasota-Manatee as well as New College of Florida, including the investigation of criminal acts. Crime statistics reported to the New College of Florida Police Department for the Sarasota Campus can be obtained by accessing their website at: www.ncf.edu/UniversityPolice/ or by calling **(941) 487-4210**.

USF St. Petersburg

The USF Tampa Campus conducts classes on the campus of USF St. Petersburg. The University of South Florida St. Petersburg Police Department provides all law enforcement services, including the investigation of criminal acts at the USF St. Petersburg location. Crime statistics reported to the University of South Florida St. Petersburg Police Department can be obtained by calling **(727) 873-4140**.

Pasco/Hernando Campus

USF conducts classes on the campuses of the Pasco/Hernando Community College. Law enforcement services, including the investigation of criminal acts, are provided on a routine basis as follows: on the New Port Richey Campus by the Pasco County Sheriff's Office; on the Brooksville Campus by the Hernando County Sheriff's Office; and, on the Dade City Campus by the Dade City Police Department. The University Police Department provides law enforcement or crime prevention services at this location on an as needed basis. Crime statistics reported for the Pasco/Hernando Campuses are reflected in the chart titled "Crimes Reported by Other Law Enforcement Agencies." Specific crime statistics can be obtained by calling **(813) 974-3899**. The Pasco/Hernando Community College website is: www.pasco-hernandocc.com/

USF Polytechnic (Lakeland)

USF has a campus located at Polk State College in Lakeland. Law enforcement services, including the investigation of criminal acts, are provided on a routine basis by the Polk County Sheriff's Office in Lakeland. Specific crime statistics can be obtained at the following web address: www.polk.edu/businessandcommunity/Safety/Documents/PCC%20Annual%20Security%20Report-2009.pdf. The USF Polytechnic website is: www.poly.usf.edu/

Sexual Predators/Offenders

The federal Campus Sex Crimes Prevention Act requires institutions of higher education to issue a statement advising the campus community where they may obtain information provided by the state concerning registered sexual predators and offenders. It also requires sexual predators and offenders to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student at that institution. USF Police will notify the University Community when a registered sexual predator or offender has registered as being on campus per State law. Sexual predator or offender information can be obtained by visiting the USF Police Department's website: www.usfpd.usf.edu or by visiting the Florida Department of Law Enforcement website at www.fdle.state.fl.us/

Crime Statistics

The University Police Department submits semi-annual Uniform Crime Report data to the Florida Department of Law Enforcement for the Tampa Campus. They also regularly disseminate information concerning the incidence of crime through local and on-campus media. The data is ultimately published by the FBI in the Uniform Crime Report. The chart on the next page reflects the number of crimes reported for select offenses as required by federal law. These numbers also reflect crimes reported to campus security authorities during the same time period. These numbers were combined with the numbers of crimes reported to law enforcement officials. Florida Department of Law Enforcement definitions of the select offenses are available by contacting the University Police Department.

Timely Warnings and Crime Alerts

The University of South Florida Police Department issues campus "Crime Alerts" promptly to the campus community upon the discovery of a crime that is determined to pose a threat to public safety on campus, or that are in the public interest. Crime Alerts are normally placed on the USFPD website at www.usfpd.usf.edu. Emergency alerts are also sent to members of the campus community via the "Mobull" messaging system.

Crime Prevention Services/Education Programs

The University of South Florida offers a number of programs intended to reduce the potential for personal injury and loss of property. Presentations on Safety are included in the orientation of incoming students and residence hall students, and are held frequently during fall and spring semesters for the benefit of students, faculty and staff.

Crime Prevention Programs

The University Police Department encourages all students and members of the faculty and staff to be involved in campus crime prevention. Information on safety and security concerns and precautions are provided to students, faculty, and staff members regularly through seminars, films, bulletins, crime alerts, posters, brochures and university staff and student newspapers. In an on-going effort to facilitate this process, University Police officers provide crime prevention programs each semester on the following topics:

- Date/Acquaintance Rape Programs for both Men and Women
- Rape Aggression Defense (RAD) [Self Defense for Women]
- Personal Safety – Reducing Your Risks
- Drinking and Driving – DUI Information
- Drugs – Health Risks, Liabilities
- Burglary and Theft Prevention
- Operation ID - Engraving
- USF Police Department – Who we are and What we do
- Bike Engraving and Theft Prevention
- Cash Handling and Robbery Precautions
- Child Safety Programs
- Violence in the Workplace
- Alcohol Programs

Additional programs are provided by the University to include:

- All incoming first-year students learn how alcohol use impacts academic and personal success through an online education program, **AlcoholEdu** for College. During orientation, all students are exposed to information about the USF alcohol policy, crime prevention, and safety awareness.
- **Wellness USF** (www.wellness.usf.edu) offers a variety of education, prevention and awareness programs including the following:
 - Awareness Events and Campaigns
 - Workshops and Presentations
 - Consultations on safer sexual behavior and sexually transmitted infections
 - Distribution of free condoms
 - Social Media blogs on wellness and safety
- **Center for Victim Advocacy & Violence Prevention** (www.sa.usf.edu/advocacy) offers education and prevention programs on a variety of topics, including:
 - Sexual violence
 - Relationship/domestic violence
 - Stalking
 - Cybercrimes, identity theft, & cyber-stalking
 - REAL (Relationship Equality & Antiviolence League) is a men's peer education program teaching bystander intervention techniques to prevent sexual and relationship violence (www.facebook.com/LetsBeREAL)

USF's Drug Free Schools and Community Program

The University of South Florida is committed to providing an orderly and safe environment for all students, faculty and employees. To this end, the University advises all community members that it is unlawful to manufacture, distribute, dispense, possess and/or use illegal drugs on its premises. Any violation may be cause for disciplinary action and criminal prosecution.

The use of alcoholic beverages by members of the University Community is at all times subject to the alcoholic beverage laws of the State of Florida and USF Alcohol Policy and Guidelines. Specifically, it is unlawful for any person to sell, give, serve or permit to be served alcoholic beverages to a person under 21 years-of-age or to consume said beverages on licensed premises. It is also unlawful for a person to misrepresent or misstate his or her age or the age of any other person for the purpose of inducing any license or his agents or employees to sell, give, serve or deliver any alcoholic beverage to a person under 21 years-of-age. A violation of the proceeding may be cause for disciplinary action and criminal prosecution.

Please refer to the following policies for more detail:

- **USF's Alcohol Policy:** generalcounsel.usf.edu/policies-and-procedures/pdfs/policy-30-023.pdf
- **Drug-Free Workplace Policy:** usfweb2.usf.edu/human-resources/employee-relations/drug-free.asp
- **Student Code of Conduct:** www.sa.usf.edu/srr/page.asp?=-88

Drug and Alcohol Counseling

- The Center for Addictions and Substance Abuse (CASA), housed in the Counseling Center, offers free assessment and brief treatment for student who may have alcohol and substance abuse problems. Students may be self-referred or referred by the Office of Student Right and Responsibilities or other campus departments. CASA also offers group counseling. Students need more intensive help will be referred to community providers. For more information, see usfweb2.usf.edu/counsel/Addiction_and_Substance_Abuse/index.asp
- Alcohol Anonymous groups are offered on campus
- The Employee Assistance Program (EAP), under the direction of the Department of Human Resources, offers free substance abuse screening, assessment, and referral to employees who self-refer or who are directed by their supervisor. For more information, see usfweb2.usf.edu/human-resources/eap/index.asp

Weapons

Florida State Statute 790.06(12) and USF Policy forbid any person from carrying a firearm on a university campus. Firearms are not allowed in USF housing facilities. To assist persons who may desire to have access to firearms for recreational purposes, the University Police Department provides weapon(s) storage.

The University of South Florida has established standards of conduct concerning the possession, sale, serving and consumption of alcoholic beverages and drugs on the University of South Florida campus. These policies and rules reflect a concern for the health and safety of the campus community and apply to University faculty, students, staff, visitors and guests.

- First-year students: The first 6 weeks of enrollment are critical to first-year student success. Because many students initiate heavy drinking during these early days of college, the potential exists for excessive alcohol consumption to interfere with successful adaptation to campus life. The transition to college is often so difficult to negotiate that about one-third of first-year students fail to enroll for their second year.

- State of Florida statutes dictate that it is unlawful for a person under 21 years of age to possess or consume alcoholic beverages. Consequently, anyone under the legal drinking age may not consume, distribute or possess alcohol on University properties or as part of any University Activity.

It is unlawful to sell, give, serve or permit alcoholic beverages to be served to anyone under 21 years of age.

Furthermore, servers can be held civilly liable for damage caused by underage drinkers to whom they provided alcoholic beverages.

- It is unlawful to be under the influence of, use, possess, distribute, sell or agree to sell, or represent to sell narcotics, hallucinogens, dangerous drugs, or controlled substances, except as where permitted by prescriptions or law.

- Violations of these laws are dealt with in both criminal prosecution and with administrative sanctions, including permanent expulsion from the University of South Florida.

(Note: The Student Handbook should be consulted for further information. View it online at www.sa.usf.edu/srr/page.asp?id=88.)

PROTECT YOURSELF

BIKE SAFELY

Wear a Helmet - Nearly 75% of all bicycle-related deaths are the result of head injuries. Children under age 16 are required to wear helmets. The University Police encourage all riders of motorcycles, bicycles and scooters to wear a helmet.

Make Yourself Visible – Night Riding - Nearly 60% of all adult fatal bicycle accidents in Florida occur during twilight and nighttime hours even though only 3% of bicycle usage takes place during that time period. While riding between sunset and sunrise the law requires the use of a lamp on the front of the bicycle exhibiting a white light visible from a distance of 500 ft. and a lamp on the rear exhibiting a red light visible from a distance of 600 ft. to the rear.

Observe Traffic Laws, Signs and Signals - In the State of Florida, the bicycle is legally defined as a vehicle. Bicyclists have the same rights and duties on the roadway, and must obey the same traffic laws, as an operator of any other vehicle.

Bicycle laws you may not have known:

- ◆ No bicycle may be used to carry more than the number for which the bicycle is designed or equipped.

- ◆ Any person operating a bicycle shall keep at least one hand upon the handlebars.
- ◆ No person shall operate a bicycle while wearing a headset or other listening device, other than a hearing aid.

Please Bike Safely:

- ◆ While biking at USF, play it safe.
- ◆ USF sees a higher percentage of crashes at the beginning of semesters.

- ◆ Most of USF's crashes occur between noon and 6:00 p.m.

- ◆ Over 50% of USF bike crashes were during transition from sidewalk to crosswalk.

- ◆ You must not jet out into traffic.

- ◆ Never ride against traffic.

- ◆ Bicyclists who ride against traffic on the wrong side of the road remove themselves from the normal scanning patterns of other vehicle operators.

- ◆ Bicyclists are found at fault in half of crashes at USF.

- ◆ 70% of the time bicyclists require medical assistance.

Prohibited areas include:

- ◆ Any area within 6 feet in front and to the side of any entrance to or exit from a building.

- ◆ Within any sidewalk, access or egress ramp, steps or stairs and corridors.

- ◆ In motor vehicle parking spaces.

- ◆ Bicycles attached to handrails on handicap access ramps will be impounded, as well as those parked as to present a hazard to general pedestrian traffic. Owners will be fined upon reclaiming impounded bicycles.

BE AWARE

When jogging be aware of people around you, and

- ◆ Try to avoid running alone, even in daylight.
- ◆ Stay on well-lighted paths in open areas. Vary your route.
- ◆ Be suspicious of people who pass many times. Don't wear earphones.

When you are in your car...

- ◆ Park in a well-lighted area at night. Pay for parking. Check the street before leaving the car.
- ◆ Walk to your car with keys ready.
- ◆ Check the back seat before entering. Someone could be hiding there.
- ◆ While driving, keep the doors locked so no one can jump in at a red light.
- ◆ Keep enough gas in your tank for emergencies.
- ◆ If you are followed by another car, drive to a police station or business with lights and people. Do not go home with someone following you.
- ◆ If your car breaks down, lift the hood put on the flashers and wait inside for help with the doors locked.
- ◆ Ask people who stop to call the police or AAA. Keep an envelope with change and phone numbers to call and slip it through a partially opened window to someone wanting to help.

When you are in an elevator...

- ◆ Trust your intuition.
- ◆ If you are uncomfortable, you do not have to get on or off.
- ◆ Stand near the controls. If necessary, you can press all the buttons or activate the emergency phone.
- ◆ Do not press the stop button.

Theft is the biggest crime problem facing the university community. Most thefts can be prevented or made less likely to occur if attention is paid to the following:

- Unlocked doors are a thief's best friend. Even if you are going out for only a few minutes ...**Lock Your Door!**
- At night – all office equipment – both personal and the University's should be placed in a locked desk or cabinet whenever possible. Items such as computers should be bolted to desks. Money and stamps should be stored in a locked cash box which is kept inside a locked cabinet or desk.
- Each office should have an inventory of both the University's and personal effects that are kept on the premises. Serial numbers and USF I.D. numbers should be recorded because they make recovery and identification of stolen items easier. An up-to-date record of all equipment out on repair, out on loan, or replaced should be kept.
- When in libraries or other public places (dining halls, University Center and the like), backpacks, books, purses and wallets should not be left unattended, even for a few minutes. In the time it takes to get a book or a meal, a purse or wallet can be stolen easily. Faculty and staff members should lock purses and other valuables in their desks. Valuable items should never be left out in the open.

TEXTBOOK RECOVERY

- In addition to writing your name in your textbook, pick a special page and write your driver's license number in the margin. Do this with every book you own. Report stolen books to the University Police immediately.

Then notify the Book Buyback areas. As a result, you have a good chance of getting your books back and having the book thief identified and apprehended.

BICYCLE RECOVERY

- The more expensive and attractive your bicycle is, the more likely it is to be stolen. A mechanically sound, generic appearing bicycle is a less likely target.
- Lock your bike.
- The best protection for your bike is to secure it properly with a hardened steel "U-shaped lock".
- If your bike is missing call the University Police immediately.
- To assist in the recovery, you should record the serial number and keep it in your wallet, engrave your driver's license number on the frame and register your bike with Parking Services.

- The USFPD Crime Prevention Unit will gladly assist with engraving your bike, and choosing the right lock. All of these services are **FREE**. For an appointment call, **974-2859**.

ROAD SAFETY

We need your help!

A majority of the crashes on roads are caused by driver error. Below, you will find some useful tips that can help make your trip pleasant and safe. Please observe these traffic tips and help us prevent crashes.

Please Drive Safely...

- Always use your seat belt, make sure everyone else is buckled up.
- Don't drink and drive.
- Use a designated driver.
- Drive defensively.
- Avoid rear-end collisions.
- Check brake lights often, signal before turning or changing lanes.
- Follow at a safe distance.

Please Walk Safely...

- Cross streets at crosswalks.
- Walk on sidewalks.
- If there are no sidewalks, walk on shoulder facing traffic.
- Watch out for all moving vehicles.
- See and Be Seen.

RAD Objectives

“To develop and enhance the options of self-defense, so they may become viable considerations to the woman who is attacked.”

R.A.D.: Basic Physical Defense

What is R.A.D.? The **Rape Aggression Defense System** is a program of realistic self-defense tactics and techniques. It is a comprehensive course for women that begins with awareness, prevention, risk reduction and avoidance while progressing to the basics of hands-on defense training. **R.A.D. is not a martial arts program.** Members of the University Police Department are currently teaching the RAD System of Physical Defense at the University of South Florida.

The RAD System is dedicated to teaching women defensive concepts and techniques against various types of assault by utilizing easy, effective and proven self-defense tactics. Our system

of realistic defense will provide a woman with the knowledge to make an educated decision about resistance.

Safety and survival in today’s world require a definite course of action. We provide effective options by teaching women to take an active role in their own self-defense and psychological well-being.

***USFPD offers RAD as a 12-hour basic self-defense course or as a 2-hour credited semester course through the Physical Education Department at USF. For information and class registration, contact Sgt. Charlotte Domingo: **974-2859** or **cdomingo@admin.usf.edu**.

Don't Become the Victim of Identity Theft & Fraud!

Identify theft and fraud is when someone wrongfully obtains and uses another person’s data in some way that involves fraud or deception, typically for economic gain.

Things to be careful of:

- Make sure someone is not “shoulder surfing” by watching you from a nearby location as you use your credit card number or ATM PIN.
- Shred papers that have your personal information to include your name and address. Criminals obtain this information from trash cans or dumpsters.
- Shred pre-approved credit card information received in the mail.
- Limit the amount of confidential or personal information you carry in your wallet or purse.

- Avoid carrying blank checks. Only carry what you might need.
- Do not have your social security number printed on your checks or carry the card in your wallet or purse.
- Never provide personal information over the telephone unless you are familiar with the business.
- Do not put checks in the mail from home. Use a U.S. Mailbox or Post Office.
- Do not put your telephone number on your checks.
- Review your bank statements as soon as you receive them. Notify the bank when discrepancies are found.
- Obtain a copy of your credit report once a year to check for errors. Additional information can be obtained by calling **974-2859**.

“Shred papers that have your personal information. Criminals obtain this information from trash cans or dumpsters.”

Missing Student Policy

I. INTRODUCTION (Purpose and Intent)

To establish policy and procedures for the University of South Florida System (USF System) regarding the reporting, investigation and required emergency notification when a student is deemed to be missing.

While the scope of policy and procedures is directed primarily to the staffs of the Division of Student Affairs and USF System Police Departments, all members of the academic community, students, faculty, staff, and administrators, share the responsibility of reporting to designated USF System officials when they believe that a student is missing.

II. STATEMENT OF POLICY

If any member of the USF System community has reason to believe that a student is missing, they must be directed to file a report with the USF Police Department or Department vested with law enforcement authority at the institution or campus in question (herein “designated Police Department”). In collaboration with the Dean for Students office and/or the Department of Housing and Residential Education (if the missing student is a resident student) or the office designated with student affairs oversight, all efforts will be made immediately to locate the student to determine his or her state of health and well-being. These efforts may include, but are not limited to, checking the student’s residence hall room, class schedule, friends, and ID card access; locating the resident’s vehicle; reviewing e-mail contacts; calling a cell phone number and contacting the Dean of the Graduate or Undergraduate Schools and the Dean of the College, if applicable.

III. DEFINITIONS

A. Student – For purposes of this policy, any student who is currently enrolled.

B. Resident Student – For purposes of this policy, a student who resides in on-campus housing and under a housing contract and is currently enrolled.

C. Missing – For purposes of this policy, a student is presumed missing if he or she is overdue in reaching home, campus, or another specific location past his/her expected arrival for more than 24 hours, or additional factors lead USF staff to believe he or she is missing.

IV. NOTIFICATION AND INVESTIGATION PROCEDURES

Any USF System employee or student who receives a report that a student is missing, or has independent information that a student is missing, must immediately report the information or evidence to the designated Police Department, Dean for Students Office, and/or the Office of Housing and Residential Education if the missing student is a resident student.

When the student is an *on-campus resident*, the designated Police Department will open an official investigation and retain status as the primary investigative unit.

When the student is an *off-campus resident*, appropriate family members and/or associates will be encouraged to make an official missing person report to the law enforcement agency with jurisdiction. The designated Police Department will cooperate, aid and assist the primary investigative agency in all ways prescribed by law.

If the student is not located, notification to the student’s emergency contact (parent or guardian) indicated in the Banner system, and/or Housing Emergency Contact Information will be made within 24 hours of the designated Police Department’s receipt of the initial report.

V. STUDENT EMERGENCY CONTACT INFORMATION

Students are provided an opportunity to designate emergency contact information through the Banner OASIS system and are encouraged to keep their detailed emergency contact information updated through the Banner OASIS system.

Annual Fire Safety Report

The Higher Education Opportunity Act (34 CFR, 668.49) also known as Campus Right to Know, published October 29, 2009 and effective July 1, 2010, requires all Universities that maintain on campus student housing to develop and publish an Annual Fire Safety Report. Only campuses within the University system that have student housing must publish an Annual Fire Safety Report. This document outlines the University compliance efforts to HEOA Campus Right to Know requirements.

The Annual Fire Safety report has eight (8) reporting requirements that consist of the following:

(1) Fire Statistics. The USF Department of Housing and Education (Housing) has developed the **Building Alarms and Fire Reports** to compile and track HEA/HEOA-required fire log statistics for the three most recent calendar years for which data are available. A flow chart outlining the process of handling fire alarm activations in Housing buildings is provided on the next page.

(2) Building Fire Safety Systems. Housing has developed the **Building Fire Systems and Components Report** document that lists the fire safety systems devices in each housing building.

(3) Fire Drills. The first reporting year is calendar year 2009 and will report from there on. The law requires reporting of a three year period, beginning with calendar year 2009. USF Fire and Emergency Drill Policy number 6-025 addresses procedures and responsibilities.

(4) Policies on Open Flames, Portable Electrical Appliances. The Housing and Residential Education website, Resident Hall Policies page, contains this information (www.housing.usf.edu/hallpolicies.html). Additionally the Resident Handbook (www.housing.usf.edu/forms/0809handbook.pdf) has this information. The University has a Non-Smoking Areas Policy (number 0-606).

(5) Procedures for Fire Evacuation. The Resident Handbook (www.housing.usf.edu/forms/1011handbook.pdf) contains this information. Additionally the USF Fire and Emergency Evacuation Drill Policy (number 6-025) addresses procedures and responsibilities.

(6) Policies on Fire Safety Education and Training. The Resident Handbook (www.housing.usf.edu/forms/1011handbook.pdf) contains this information. Additionally the USF Fire and Emergency Evacuation Drill Policy (number 6-025) addresses procedures and responsibilities.

(7) Fire Reporting. To reduce the response time to a fire incident, USF requires students and employees to telephone 911 to report all fires. The University Police Department (UPD) will investigate and take appropriate action.

(8) Future Fire Safety Improvements. The upgrading of fire alarm systems and devices is priority in Housing buildings as well as increasing the fire safety training of Resident Assistants and Resident Life Coordinators.

ROLES AND RESPONSIBILITIES

- ### Environmental Health and Safety
- Coordinates University system compliance efforts and reporting requirements.
 - Assists Housing and UPD with annual reporting of fire safety statistics.
 - Reviews policies and rules regarding fire safety in Housing buildings and provide recommendations for compliance.
 - Reviews fire statistics for annual fire safety report.
 - Investigate a fire cause and origin in Housing buildings and act as liaison with State Fire Marshal Office and Fire Rescue agencies.
 - Serves as university system resource for fire safety procedures and policy development.
 - Provides fire safety education and training to students and employees.

- ### Housing
- Maintains and updates the Building Alarms and Fire Report document.
 - Maintains and updates the Building Fire System and Component document.
 - Maintains policies in Resident Housing Publication that address open flames, smoking and electrical appliances.
 - Maintains policies in Resident Housing Publication that address procedures that students should follow in case of fire.
 - Compiles fire statistics annually from Building Alarms and Fire Report and submit to EH&S and UPD for reporting in October.

- ### University Police
- Receives and records fire alarm activity in Housing buildings.
 - Dispatches officer(s) to investigate all fire alarm activations.
 - Determines if emergency forces are required and makes contact with emergency forces (Fire Rescue) as needed.
 - Maintains reporting format of Annual Fire Safety Report (same as Cleary Report).
 - Receives fire statistics annually from Housing and compiles Annual Fire Safety Report with Cleary Report crime statistics.
 - Submits Annual Fire Safety Report along with Cleary Report as one report for compliance to HEOA/Campus Right to Know.

Emergency Response and Evacuation Procedures

1. Emergency notification procedures are contained within the USF Emergency Operations planned (July 2010) and lists USF officials authorized to activate the emergency notification systems during emergency or dangerous situations.
2. The USF Emergency Operations Plan lists standing priorities for all Incident Commanders. Life Safety is the primary responsibility, followed by incident stabilization and property preservation. The EOP clearly indicates that nothing shall inhibit or create a delay in saving lives, and that immediate warnings shall be issued for all incidents that pose an immediate threat to public safety.
3. The USF Emergency Operations Plan delineates internal communication notification procedures and the individuals responsible for initiating the notification.
4. The USF Emergency Operations Plan lists the titles of persons/organizations responsible for initiating internal communication notification and emergency notification systems.
5. The USF Emergency Operations Plan lists the responsible parties charged with disseminating emergency information to the larger community.
6. USF Policy 6-025 covers Fire and Emergency Evacuation Drills (generalcounsel.usf.edu/policies-and-procedures/pdfs/policy-6-025.pdf). The University of South Florida conducted two exercises to test emergency response and evacuation procedures. Both exercises were announced.
 - a. The first exercise was conducted on June 7, 2010 and involved the activation of the Emergency Operations Center, members of the Critical Incident Planning/Management Group and Executive Policy Group. The exercise incident incorporated a hypothetical localized explosion at a dining facility due to a natural gas leak. The incident resulted in the activation of the emergency notification system, the evacuation of a resident hall and offices in the immediate area, and relocation of students to temporary housing. The scenario also contained elements that involved student tracking (as some students were hypothetically transported to nearby hospitals) and parent/next of kin notification.

- b. On June 23, 2010, the University of South Florida conducted an exercise that focused on post-incident activities and affects from a Category-4 hurricane incident. The exercise involved the activation of the Emergency Operations Center, Critical Incident Planning/Management Group, Executive Policy Group, and select members of the Campus Emergency Preparedness Committee. Exercise activities included, but were not limited to business continuity, sheltering, debris management, campus security and law enforcement, search and rescue, resource management, and mass notification processes.

7. The USF Division of Public Safety, Emergency Management, and University Police have been engaged in presenting campus shooter scenario protective actions awareness training since April 2010. The training involves a presentation of the "Shots Fired on Campus" video with an open discussion of protective actions, an overview of emergency management program initiatives, and a description of the USF Emergency Notification System. The video is available for online viewing to all students, faculty, and staff with valid USF credentials. A total of 31 presentations and open forums have been conducted across the USF Tampa, Sarasota/Manatee, St. Petersburg, and Lakeland campuses.

8. The USF Division of Public Safety and Emergency Management in cooperation with the USF Provost Office and Faculty focus group developed a Protective Actions ready reference card. The double-sided laminated card provides professors ready reference within their classrooms of recommended protective actions that should be considered for the myriad of hazards that could affect the campus population.

9. The USF Division of Public Safety and USF Emergency Management launched a public education campaign in April 2010 to increase subscribership to the USF's cellular phone notification system "MoBull" and pilot test software components Guardian911 and Smart911 enhancements. Incorporated into the "Shots Fired on Campus" awareness initiative, the public education campaign also included articles and stories in the USF newspaper Oracle, posters, mass emails, and sidewalk chalkings.

UNIVERSITY OF SOUTH FLORIDA EMERGENCY BLUE LIGHT LOCATIONS

SAFE Team

The SAFE Team is an on-campus escort program that provides members of the USF community a safer option for getting to their car or residence hall after class or heading to or from the library to study. SAFE Team patrols the campus at night and provides assistance to students in a variety of ways. SAFE Team's first priority is to reduce students' risk when they are most vulnerable—while walking by themselves or waiting for someone to pick them up. The SAFE Team (in one of their golf carts) can provide a safe escort for these students. In addition, as SAFE Team patrols the campus, their presence deters criminals from having an opportunity to commit a crime without being observed. All suspicious activities are reported to the University Police. Finally, SAFE Team creates awareness around campus about how to avoid violent crimes and ensures your personal safety while on-campus through programs and showcases. If you feel uncomfortable walking alone at night while on campus call **974-SAFE** (7233) for a safe escort to your destination. SAFE Team Staff plays a vital role in USF Tampa Campus' distinction as one of the safest college campus in the entire State of Florida.

Ride the Bull Runner!

USF Parking & Transportation Services offers the USF community a **FARE-FREE**, year-round bus service on the Tampa Campus. See our Web site (www.usf.edu/bullrunner) for more information or call **(813) 974-6902**.

The Bull Runner offers you:

- a convenient ride around campus
- clean, comfortable, air-conditioned buses
- friendly, knowledgeable drivers
- the BullTracker™ online bus location service
- ability to park in inexpensive Park-n-Ride Lots

In addition, the student-supported **Mall Express** provides continuous service (via the Route D shuttle) to the University Mall as well as the University Area Transfer Center (UATC) that will connect you to many routes of the Hillsborough Area Regional Transit Authority (HART).

View the BullTracker™ online
or from your hand-held mobile device at:
