

## COMMUNITY NOTIFICATION

---

The University of South Florida Police Department has been made aware of an armed robbery that occurred late Friday night, August 3, 2012. The incident happened in an apartment complex located north of campus, but proximate to the University's borders. The two victims were USF affiliates and neither party was injured.

The University of South Florida Police Department wants to remind members of the USF Community that we are a part of the larger community around us. You can help keep yourself, and your community, safer by following these simple tips:

- Be vigilant and keenly aware of the environment around you.
- Notify the police for anything, or anyone, that looks out of place
- Do **NOT** put yourself in questionable circumstances.
- If confronted by someone possessing a weapon, make choices that will keep you the safest.
- Gather detailed information that will help identify a suspect, or recover property at a later date.
