Named in memory of 19-year-old Lehigh University freshman Jeanne Ann Clery who was raped and murdered in her residence hall room on April 5, 1986.

Her parents believe she would have been more cautious if she had known about other violent crimes at Lehigh.

What is Done with CSA Crime Reports?

The Clery Coordinator determines whether the crime is reportable under Clery and, if so, includes the de-identified crime as a statistic published each October in our annual Security and Fire Safety Report, available on the your institution's Police Department's web site.
