

High throughput Screening capabilities

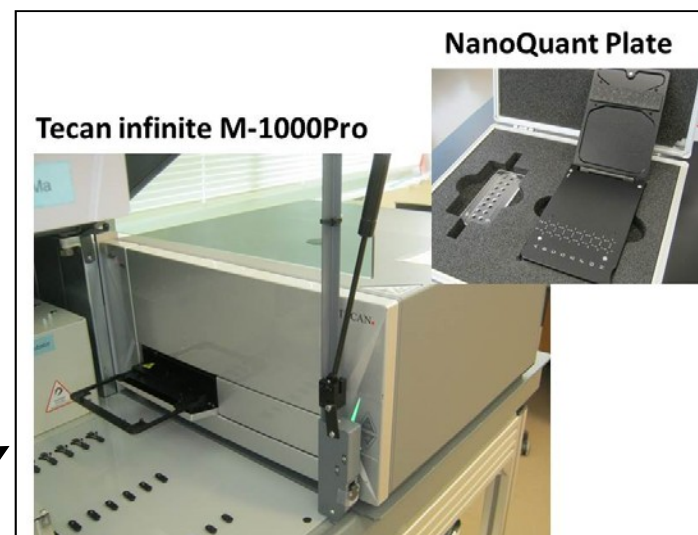

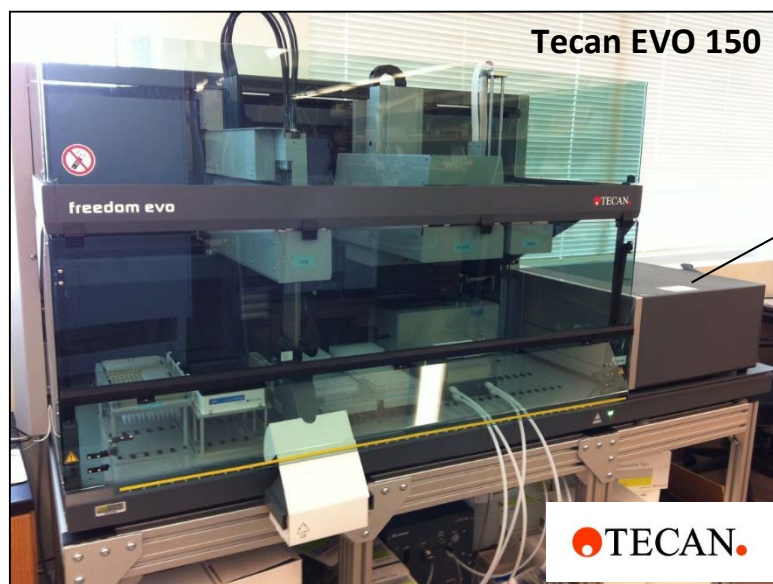

Tecan Multimode plate reader and Automated liquid handler

Tecan Freedom Evo 150 automated workstation:

3 arms (8 channel, 96 channel, robotic manipulator arms)

+ 24 microtiter plates storage shelves.

- ❖ Automated liquid handling
- ❖ Filtration
- ❖ HTS development

The multimode **M-1000 pro** microtiter plate reader for:

- ❖ excitation/emission
- ❖ absorbance
- ❖ top read fluorescence,
- ❖ bottom read fluorescence
- ❖ fluorescence polarization
- ❖ luminescence

Featuring:

The **NanoQuant plate** for DNA or RNA quantification, quality control and measurement of labeling efficiency
