Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

If approved by the clinical faculty, the Office of Graduate Studies allows incoming students to transfer a cartain portion of graduate coursework earned in another institution, and additional course requirements can be waived if appropriate. Students coming in with a Master's degree can also request that their Master's thesis be evaluated for approval by a thesis committee at the University of South Florida. This can reduce the students' time to completion by at most one year (but sometimes less).
