WORKSHOP CURRICULUM

It has been gratifying to see so many community organizations, government employees and the private sector companies sending their employees to participate in this valuable training experience.”

*Ed Johnson Manager,
East Tampa Development
Economic and Urban
Development Dept,
City of Tampa*

As a Community Development Manager who has been asked to serve on several non-profit Boards of Directors, the CRED program has elevated and enhanced my knowledge of the real estate market.”

*Beverly Kirton-Smith
VP/Community Development
Manager, SunTrust Bank*

Basic Skills in Real Estate Development

This learning module teaches the skills needed to:

- ✓ Create pro formas for affordable homeownership and rental housing
- ✓ Project feasibility & spreadsheet analysis
- ✓ The language of lenders and real estate developers

Financing, and Subsidy Requirements

Resources for Affordable Housing & Community Economic Development Students will develop an understanding of:

- ✓ Public and private financing
- ✓ Subsidy resources for community development
- ✓ Learn how to prepare project financial analyses and creatively structure feasible projects
- ✓ Underwriting requirements of financing and subsidy providers
- ✓ Pre-development financing requirements and sources

Managing Real Estate Development

This module prepares students for the development and implementation of an actual project concept of:

- ✓ Creating a Project Work Plan
- ✓ Site control/acquisition strategies
- ✓ Managing members of the development team
- ✓ Understanding regulatory issues and requirements

Culmination

The Culmination exercise uses a case study and teamwork to test participants understanding of concepts taught in the classroom. During the final exercise, students present their proposed project to an informal roundtable of community development practitioners, public program staff, and local private lenders, who provide feedback and recommendations.

PROGRAM INFORMATION

Instructors

Seasoned local industry professionals serve as instructors and mentors for the course. Our instructors reflect the diversity of the field of community real estate development and brings practitioners with knowledge and real-world experience to the classroom with connections to the local market.
