Conference Center Room Configutations

There are few possible configurations for the Conference Center.
There are two sides to the room, which can be divided with a hanging wall.
Each side has an independent projection system for video, computer playback, presentations, etc.

Alternately, the room can be combined to create one large conference space.

The room can be configured:

- **Theatre-Style** with seating rows

  (Capacity: 94/96 or 190 combined)

- **Classroom-Style** with chairs at long tables

  (Capacity: 26-28/30-32 or 66 combined)

- **Double U-Shape** with chairs at facing tables
  (Capacity: 48)
- **Banquet-Style** with large round tables

  (Capacity: 110 combined at 11 tables)

Equipment:

(2) x A/V Cart (Computer & document projector)

(216) x Conference Chairs

(34) x 18" x 72" Rolling Tables (Each seats 2)

(11) x 72" Round Tables

(2) x Portable Bars (43" long and 63" long)

(9) x 8' Tables
