

# 134<sup>TH</sup> COMMENCEMENT CONVOCATION FALL 2024

**UNIVERSITY OF SOUTH FLORIDA**

TAMPA | ST. PETERSBURG | SARASOTA-MANATEE

Dear Graduates,

On behalf of the University of South Florida trustees, faculty, staff, and hundreds of thousands of global alumni, I extend my deepest congratulations to you, the graduating class of fall 2024!

This is a momentous occasion, not just for you, but for those who have helped you reach this important milestone. Whether they are here with you today or cheering you on from afar, your family, friends, and the entire USF community are thrilled to celebrate all you have achieved.

During today's commencement exercises, we recognize graduates from across USF's three campuses in Tampa, St. Petersburg, and Sarasota-Manatee. Your graduating class is full of trailblazers who are united by a shared commitment to building a better world — and like our great university, you are driven by boundless ambitions and a bold vision for the future.

As USF graduates, you can take great pride in knowing that your degree holds tremendous value and respect because it was earned at a university that is included among our nation's most renowned institutions of higher learning. USF is a member of the Association of American Universities (AAU), one of the most prestigious organizations in higher education.

The AAU includes only 3% of all four-year universities in the U.S., and USF is one of only two institutions from the State University System of Florida to serve as AAU members. This is a significant achievement because it allows us to further invest in USF's powerful research enterprise, helps us attract more bright minds to our institution, and empowers us to make an even greater impact on our society.

In addition, for the sixth consecutive year, USF sits among the top 50 public universities in America, according to U.S. News & World Report's Best Colleges ranking. U.S. News also ranked USF as the best value among all public and private universities in Florida for the second consecutive year. The national recognition that our university continues to earn reflects our commitment to ensuring you have the knowledge and skills that will enable you to achieve your goals.

As a proud USF alumna, I credit much of my own personal and professional success to the impact this institution has had on my life. The lessons you have learned here will continue to shape who you are and empower you to make a positive difference in your communities for many years to come. I can't wait to see what the future holds for you, the newest members of our USF alumni family.

Congratulations — and as always, Go Bulls!

With campuses in Tampa, St. Petersburg and Sarasota-Manatee, USF enrolls approximately 50,000 students from nearly 150 countries who pursue undergraduate, graduate, specialist, and doctoral degrees in 13 colleges.

USF is designated as a Preeminent State Research University by the Florida Board of Governors, placing it in the most elite category among the state's 12 public universities.

In 2023, USF became the first public university in Florida in nearly 40 years to be invited to join the Association of American Universities (AAU), a prestigious group of the leading research universities in the United States and Canada. AAU universities make up just 3% of all four-year universities in the U.S., and USF is one of only two institutions from the State University System of Florida to serve as an AAU member.

For the sixth year in a row, USF sits among the top 50 public universities in America according to the annual ranking of the best colleges by U.S. News & World Report released this fall. USF ranks No. 45 among public universities and No. 91 among all universities public or private.

## THE SYMBOLS OF LEARNING

**M**odern academic regalia evolved from the kinds of apparel worn by monks and students in the 11th and 12th centuries to keep warm in the medieval castles and halls in which they studied. Academic life as we know it today began in the Middle Ages — first in the church, then in the guilds. The teaching guild was the Guild of the Master of Arts, and the Bachelor was the apprentice of the Master. Their dress was the outward sign of stature and responsibility. Academic regalia was thus a visible manifestation — in color, pattern and design — that unified those of common discipline and like purpose. In later centuries, to preserve the regalia's dignity and meaning, universities set rules of academic dress. American universities agreed on a definite system in 1895, establishing a code of approved attire. In 1932, the American Council on Education revised this code, which, for the most part, governs the style of academic dress today. The principal features of academic dress are three: the gown, the cap and the hood.

**THE GOWN** — The gown has become symbolic of the democracy of scholarship, for it completely covers any dress of rank or social standing. The sleeves of the gown indicate the level of the degree held by the wearer. A long, pointed sleeve indicates the bachelor's degree. The master's gown has an oblong sleeve cut in an arc, with a slit at either the upper arm or wrist. The USF doctor's gown has bell-shaped sleeves and three black bars on the sleeve. The doctoral robe also has the seal of the university on the velvet facing.

**THE CAP** — The freed slave in ancient Rome won the privilege of wearing a cap, and so the academic cap is a sign of the freedom of scholarship and the responsibility and dignity with which scholarship endows the wearer. Old poetry records the cap of scholarship as a square symbolizing the book, although other authorities claim that it is a mortar board, the symbol of the masons, a privileged guild. The color of the tassel on the cap denotes the discipline. The tassels on the caps (mortar boards) worn by the faculty may be black or a color indicating the degree. Those who hold a doctoral degree may wear a gold tassel. It is traditional for degree candidates to wear their tassels on the right and for those holding degrees to wear them on the left. Graduates transfer their tassels to the left after conferring of the degrees by the President.

**THE MACE** — The USF mace is a ceremonial staff similar to those used by many institutions of higher learning to show the right to grant degrees to graduates. The mace is used during all Commencement ceremonies and is carried by the President of the Faculty Senate. Our mace includes a gold pine cone at its top to represent growth

and continuity. Eight silver semicircles, which support the pine cone, stand for the eight colleges in existence at USF when the mace was commissioned in 1998. When not in use, today's mace is displayed in the foyer of the President's office. The original university mace is on display in the Alumni Center.

**THE MEDALLION** — The medallion worn by candidates for the bachelor's degree identifies those graduating with honors based upon GPA.

**THE STOLE** — The stole is made available to students who are members of university honors societies. International students may choose to wear a special stole honoring their home country. The colors of their stole reflect the colors of their native flags.

**THE HOOD** — The hoods are lined with the official colors of the institution conferring the degree. They are edged and bound with velvet of the color appropriate for the degree. At USF, the lining of the hood is green with a gold chevron, representing the university's colors.

**THE COLORS** — In regalia, academic disciplines are noted by color. These colors can be found on undergraduate and master's tassels and on master's and doctoral hoods on the velvet edging.

## AMIR ABDUR-RAHIM

### DISTINGUISHED CITIZEN AWARD

The Distinguished Citizen Award is presented posthumously to Amir Abdur-Rahim, who brought an unmatched enthusiasm, achieved unprecedented success and helped generate unforgettable memories during his inaugural 2023-24 season as the head coach of the USF men's basketball team. He passed away unexpectedly on October 24, 2024, at the age of 43.

A native of Marietta, Georgia, Abdur-Rahim, his wife Arianne and their three young children joined the USF community in March 2023. In his lone season at USF, Abdur-Rahim's team captured the program's first regular-season conference championship and achieved its first national ranking, and its 25 victories and 15-game winning streak set program records. During the 2023-24 season, the Bulls played in front of 93,642 fans inside the Yuengling Center – including three straight sellouts to end the regular season -- the most since 2012-13 and the fourth-most in program history.

Abdur-Rahim was the unanimous choice as American Athletic Conference Coach of the Year.

As a coach, Abdur-Rahim focused on developing great players and winning championships. But he also prioritized character, instilling in his student-athletes

the humility for which he was known. Abdur-Rahim impressed upon them that the relentless pursuit of excellence extended beyond the basketball court.

Abdur-Rahim developed a special connection with USF's students. After victories, he often would go into the stands to dance with the Herd of Thunder pep band and celebrate in the student section. His impact was felt beyond the basketball court, such as when he would appear unannounced around campus to buy coffee, donuts and pizza for students. He talked often about the importance of being connected, not only within his team, but throughout the USF community. Authentic relationships mattered to Abdur-Rahim, and he had a special gift for bringing people together.

To honor the enduring bond between Abdur-Rahim and the fans, the student section at USF basketball games has been named the "Amir Abdur-Rahim Student Section." In addition, USF is planning a permanent installation in the Yuengling Center that will provide a space for fans, students, and athletes to reflect on and connect with his legacy. This tribute will serve as a lasting reminder of his influence on Bulls Nation and his commitment to fostering teamwork, resilience, and compassion on and off the basketball court.

# ALMA MATER

Hail to thee, our Alma Mater  
May thy name be told,  
Where above thy gleaming splendor,  
Waves the green and gold.  
Thou our guide in quest for knowledge  
Where we all are free  
University of South Florida,  
Alma Mater, hail to thee!

Be our guide in truth and wisdom  
As we onward go,  
May thy glory, fame and honor  
Never cease to grow,  
May our thoughts and prayers  
be with thee through eternity,  
University of South Florida,  
Alma Mater, Hail to thee!
