

FREE VIRTUAL WORKSHOP SERIES

LEVERAGING THE “FOLLOW SPECIFIC GUIDELINES” IN THE MCE TO LIGHT ETHICAL EVALUATION PATHS

Saturday, February 27, 2021 // 12:00 p.m.

Presented by:

Michael E. Mitchell, Ph.D. (c)

Michael.mitchell@fsw.edu

The keystone of the Model for Collaborative Evaluations lies within its “Follow Specific Guidelines” component. In an era where science, politics, and society can be at loggerheads, this component leverages the ethical tools needed to complete successful evaluations at these intersections. I will present how evaluations utilize the strength of this very important aspect of the MCE.

For access to this virtual workshop, please contact

Dr. Lilliana Rodríguez
