

FREE VIRTUAL WORKSHOP SERIES

Real World Applications of The MCE: Food Service

Saturday, February 26, 2022 // 8:00 a.m.

Presented by:

Angad Dang, M.S.
angad1@usf.edu

Julie Chappell, MA
chappellj@usf.edu

The Model for Collaborative Evaluations is designed for use in a variety of contexts and settings. In this session, we explore the ways in which the MCE can be used as an innovative approach to enhance food service evaluations. Discovering the ways that the MCE can positively impact evaluation in food service and other real-world vectors can help transform current evaluation techniques.
