

Graduate Students at the American Evaluation Association 2009 Orlando, Florida

Several students in the Department of Educational Measurement and Research (EMR) represented USF at the American Evaluation Association (AEA) Conference 2009. The Annual AEA Conference held in Orlando, Florida had the participation of 18 students who were previously enrolled in the course EDF 7940: Supervised Practicum in Applied Evaluation, taught by Dr. Liliana Rodríguez-Campos. Since Dr. Rodríguez became the professor of the graduate evaluation courses in the EMR Department, she has motivated her students to go beyond the courses objectives in order to represent USF in important evaluation events.

With Dr. Rodríguez's encouragement and guidance, her doctoral students prepared and submitted their evaluation proposals to be presented at the AEA Conference. As a result, students' proposals were accepted and they traveled to Orlando to present their work. The following are the doctoral students who represented USF at the AEA Conference last November 2009: Aarti Bellara, Adrienne Cadle, Bridget Cotner, LaShonda Coulbertson, George MacDonald, Amanda March, Jecky Misieng, Sandra Naoom, Corina Owens, Merlande Petit-Bois, Bryce Pride, Gwen Rogerson, Abraham Salinas, JC Smith, Kevin Stockslager, Robert Fay, Julie Gloudemans, and Debra Thrower.

This is another example of encouragement and hard work at USF!
