

Graduate Students at the American Evaluation Association 2010 San Antonio, Texas

Several students in the Department of Educational Measurement and Research (EMR) represented USF at the American Evaluation Association (AEA) Conference 2010. The Annual AEA Conference held in San Antonio, Texas had the participation of 19 students who were previously enrolled in the course EDF 7940: Supervised Practicum in Applied Evaluation, taught by Dr. Liliana Rodríguez-Campos. Since Dr. Rodríguez became the professor of the graduate evaluation courses in the EMR Department, she has motivated her students to go beyond the courses objectives in order to represent USF in important evaluation events.

With Dr. Rodríguez's encouragement and guidance, her doctoral students prepared and submitted their evaluation proposals to be presented at the AEA Conference. As a result, students' proposals were accepted and they traveled to San Antonio to present their work. The following are the doctoral students who represented USF at the AEA Conference last November 2010: Lokman Akbay, EunKyeng Baek, Aarti Bellara, Carolla Belle, LaShonda Coulberson, Wendy Bradshaw, Seriashia Chatters, Matthew Hart, Yvonne Hunter, Jeremy Lake, Huaye Li, Janet Mahowski, Corina Owens, Merlande Petit-Bois, Thanh Pham, Bryce Pride, Candace Sibley, Jane-Van Trumpet, Connie Walker-Egea.

This is another example of encouragement and hard work at USF!
