

Graduate Students at the American Evaluation Association 2021 Virtual Conference

Several students who took evaluation courses in the Department of Educational and Psychological Studies had proposals accepted at the American Evaluation Association (AEA) Conference 2021. The Annual AEA Conference was held virtually with very limited space for presentations. It had the participation of 7 students who were previously enrolled in the evaluation courses, taught by Dr. Liliana Rodríguez-Campos. She has motivated her students to go beyond the course objectives in order to represent USF in important evaluation events.

With the encouragement and guidance of Dr. Rodríguez, her doctoral students prepared and submitted evaluation proposals to be presented at the AEA Conference 2020. As a result, the following former evaluation students were preliminarily accepted to represent USF last November: Cynthia Bauman, Michael Boris, Julie Chappell, Angad Dang, Michael Mitchell, Eunkyung Na, and Connie Walker-Egea.

This is another example of encouragement and collaborative work at USF!
