

## Graduate Students at the American Evaluation Association 2022

Several students who took evaluation courses in the Department of Educational and Psychological Studies had proposals accepted at the American Evaluation Association (AEA) Conference 2022. The Annual AEA Conference was held in Louisiana with very limited space for presentations. It had the participation of 7 students who were previously enrolled in the evaluation courses, taught by Dr. Liliana Rodríguez-Campos. She has motivated her students to go beyond the course objectives to represent USF in important evaluation events.

With the encouragement and guidance of Dr. Rodríguez, her doctoral students prepared and submitted evaluation proposals to be presented at the AEA Conference 2022. As a result, the following former evaluation students were accepted to represent USF last November: Cynthia Bauman, Michael Boris, Julie Chappell, Angad Dang, Tamiko Garrett, Michael Mitchell, and Connie Walker-Egea.

This is another example of encouragement and collaborative work at USF!
