

Dear Friend of the College of Engineering,

First off, we want to say “thank you” – thank you for continuing your support or thank you for considering support for the first time. Although not every experience is the same, we’ve seen the extraordinary efforts our local manufacturing and engineering companies have taken to ensure success for all stakeholders. We are grateful for your support even more so.

Bullarney is quickly approaching. Since 1996, sponsors like you have helped EAS raise funds to continue our mission to connect and serve College of Engineering alumni - personally and professionally; while improving upon the student experience of today.

Through your support of Bullarney, we provided over \$515,000 in scholarships and conference travel grants to more than 530 students over the past 29 years. For alumni, the focus will be all about returning to a new normal –with local events in Tampa, opportunities to connect outside of the area, and continuing our online activities to bring the USF campus to alumni wherever they are.

I hope you will join us in support of Bullarney as well as attend the event with your peers. A response form is enclosed that outlines the levels of support and the new ways we will recognize your gift. We hope to hear from you right away so we can list you as a sponsor on the event materials.

We look forward to seeing you on Saturday, March 29, 2025 in the USF Gibbons Alumni Center for Bullarney!
Cheers,

Carissa Gudenkauf

For all sponsorship levels, please note the following: Pursuant to IRS guidelines, support is defined as a “Qualified Sponsorship”, which means no endorsement of your business, qualitative or comparative language, price information or indication of savings or value can be included in written words or in program remarks. In essence, your organization can be acknowledged through simple use of your names, logo and location, but no message that promotes or markets and trade or business, or any service, facility or product is permissible.
