Students keep a copy of the checklist and this page for your records.

Check before Graduation

Grades:	All incomplete "I" grades must be cleared. Note: All "I", "IF", and "M" grades turn to a permanent "F" at graduation. Inform your professors that this is your graduating semester so all of your grades are submitted on time. Check your GPA and grades in OASIS.
Transferring Courses:	Appropriate transfer courses must be approved and posted to your record well in advance of your graduation. Taking courses at another institution during your graduating term is discouraged. If you must take degree required courses at another institution during your graduating term, immediately after you receive your grades, electronically submit a transcript or pick up and hand-deliver a sealed transcript to USF Office of Admissions, and notify your department advisor. Failure to post your transfer credit in a timely manner will result in denial of graduation.
Accelerated Grad. Prog.:	Students in the Accelerated Graduate (5 year) Program must complete the Accelerated Program Progression Application with this graduation checklist form for the Bachelor's degree. The form is available online at http://www.grad.usf.edu/accelerated.php .

Graduation Ceremonies:

- University: For University Commencement Ceremony, visit <u>http://www.usf.edu/commencement/</u>for all official USF commencement information and RSVP instructions.
- College: Students will receive an invite to attend the College of Engineering Induction to the Profession. You must respond to the invite and register for the ceremony to attend. **Please contact the Dean's Office at (813) 974-3782 for more information.** Note: The Induction to the Profession ceremony is held in the fall and spring only. Students graduating in summer may attend the ceremony in May or December.

Cancelling Graduation:

We encourage students to withdrawal their graduation application ASAP if - for any reason - you will not complete your degree requirements. **Remember to reapply** as there is no automatic rollover for graduation applications! Note: International students cannot cancel their graduation if all requirements for the degree have been met the semester they have applied for without express approval of an International Services advisor.

Certification of Graduation:

Students participating in graduation ceremonies are doing so before graduation certification is finalized. All potential graduates are subject to final approval or denial by the College of Engineering. This final certification is completed after semester grades are posted. Grades are posted one week after the graduation ceremony. If your degree was certified, you will be notified via USF e-mail and your diploma will be mailed to you by the Registrar's Office approximately eight weeks after commencement.

Denial of Graduation:

Denial notifications are sent via e-mail, so continue to check your USF e-mail after the term has ended. If you are denied graduation, it is your responsibility to reapply for graduation the next semester you are eligible and by the deadline dates. There is no automatic graduation application roll-over. You must fill out a new application and checklist each time.

International Students:

It is your responsibility to know the rules and regulations for credit hours that you must take to stay in compliance with your student visa each semester until you graduate. It is not the department's responsibility to know these regulations or to enforce them. International students who do not follow regulations may find that they may be required to retroactively enroll for needed credit hours in order to stay in compliance. There will be NO tuition waivers granted in these cases. It is up to you to know the rules for your program. You must check with International Services regarding USCIS regulations. If you have questions, ask!

Note: International students cannot cancel their graduation if all requirements for the degree have been met the semester they have applied for without express approval of an International Services advisor.
