USF World

Welcome!

We are so pleased to see you at Global Network The UK's London Event. Each of you has a special connection to this wonderful region, and we appreciate you coming together today to celebrate your special connection to USF.

USF World serves as the university's gateway to global engagement across its three campuses.

We are proud to play a vital role in USF's reputation for student and faculty success, excellence in research, and mutually beneficial and high-impact local and global partnerships.

I want to share the university's global impact with partners in Tampa Bay, the U.S. and across the world. USF is the #1 destination in Florida for international student enrollment. 10% of our student body is comprised of international students who represent more than 140 countries. We not only receive students from all over the world, we encourage our students to travel abroad because we know how impactful an international experience is for career readiness and personal growth. USF is currently ranked 13th nationally among public universities for the number of students studying abroad.

If you haven't already, we encourage you to join the USF Network The UK LinkedIn group and explore USF's global engagement initiatives in USF World's Bulls Run the World newsletter.

Thank you for being a part of our global impact!

Dr. Kiki Caruson
