

USF World

Education Abroad Advisory Council

The Education Abroad Advisory Council is charged with making recommendations on a mixed education abroad programs portfolio (exchange, affiliate, and faculty-led) based on education abroad staff capacity, affordability, marketability, academic rigor, geographic diversity, accessibility, and viability. Members review and provide feedback on education abroad policies and procedures, build education abroad capacity, and promote education abroad to students and colleagues. The committee reviews and evaluates faculty-led program proposals for academic rigor, affordability, and viability and makes recommendations on programming to the Education Abroad Office. Representatives are invited to participate at the request of the Interim Vice President for USF World. Appointments are for a two-year term except for some representatives will be appointed for 3 years initially to stagger new appointments to maintain continuity of operations.
